MT. ETNA LAVA  
ENDANGERS 2  
CITIES; 50,000  
ARE HOMELESS

Population of Giarre Beginning to Leave—Lingual-  
ness Inhabitants Praying to  
Patron-Saint to Avert Dis-

canic Eruption Increasing.  
SUN DARKENED BY  
ASHES AND CINDERS.  
Three Small Towns Wiped  
Out—King of Italy on  
Way to Inspect Facilities  
for Caring for Thousands  
of Refugees.

By the Associated Press.  
CATANIA, Italy, June 19.—The  
eruption of Mount Etna continues to  
increase in violence. One stream of  
lava is now threatening Giarre, a city  
of about 20,000 inhabitants at the  
base of the volcano, and the popula-  
tion is beginning to leave.

About 10,000 persons have already  
been made homeless in the area sur-  
rounding Etna. The ashes, cinders  
and stones emitted by the volcano  
are so thick as to darken the sun.  
Prof. Forzi of the University of Cata-  
nia has gone to Etna to ascertain  
whether a new crater opened on the  
eastern slope is that which was ac-  
tive in 1879.

The panic-stricken people of Lin-  
guagosa are raising prayers to St.  
Egidio, patron saint, who, according  
to legend, in 1844, stopped the flow  
of lava at the very gates of the town.  
The mountain's terrible manifesta-  
tions come fitfully at moments  
the eruption seems to be dying  
down, but shortly there come the  
dread subterranean rumblings and  
the crater again bursts into flames.  
The roads are full of panic-stricken  
people, carrying their belongings  
seeking places of safety. The stream  
seems never-ending, as the district  
between Catania and Etna is one  
of the most densely populated in  
the world, with an average of more  
than 300 persons to the square  
mile.

Lava Stream Advancing Steadily on  
Linguagosa and Castiglione.

By the Associated Press.  
ROME, June 19.—The wave of  
lava from the violent eruption of  
Mount Etna is advancing steadily  
today on Linguagosa, a town of  
about 10,000, discharging from Cata-  
nia state. Lava is flowing across  
the railway and has reached a point  
only a few hundred yards from the  
town. Castiglione, Italian Minis-  
ter of Public Works, has left for the  
devastated regions to assist in caring  
for the thousands who have been  
made homeless by the mighty moun-  
tain's eruption.

Three Towns Wiped Out.  
Three little towns—Piccolo, Paf-  
fano and Ferro—have been com-  
pletely wiped out. Refugees are  
pouring into Linguagosa from the  
communities that lie almost in the  
shadow of the mountain, and the Cata-  
nians are doing their utmost to  
make the refugees comfortable. Some  
of those arriving from the menaced  
regions last evening reported a con-  
tinuance of the earth shocks that  
announced the first great outpouring  
of lava.

Volcanic Active.  
Mount Vesuvius continues moder-  
ately active, emitting much steam  
and lava. This, it is remarked,  
is unusual, for when Etna is active,  
Vesuvius is ordinarily quiet, and vice  
versa.

The main crater of Etna, after the  
initial displays of the last week, sud-  
denly opened up at midnight Sunday  
with a noise like the firing of a  
thousand cannons. There were sub-  
terranean rumblings, flames shot to  
the sky and the populations of the  
towns about the base of the moun-  
tain fled to the plains.

Five great cracks opened in the  
northeastern side of the mountain,  
and from these mouths, several kiln-  
ometers from the old crater, came  
streams of lava.

Thousands of tons of ash and  
stones were hurled high in the air  
from both the old and new craters,  
and the lava streams, advancing on  
the slopes estimated at 500 yards, laid  
waste the vineyards and forests in  
their paths and progressed at a  
pace of a mile and a quarter an  
hour.

Isolated houses, left early by their  
occupants, long ago, were being de-  
stroyed. The important railway station of  
Chiusi was destroyed.

King Victor Emmanuel is leaving  
for Sicily to inspect the arrange-  
ments made for taking care of the  
thousands made homeless.

The lava stream threatening  
Giarre is two kilometers (a mile and  
a quarter) wide and 50 feet in depth.

600—Count 'Em—600  
Fill the Air With Music

Such Airs as "Dixie," and "Mr. Gallagher," by  
Seven Bands, Keep Feet of Citizens Shuf-  
fling—One Drum Corps Here.

Nearly 600 musicians, most of  
them of high school age, playing  
wind instruments and beating drums,  
are giving downtown St. Louis the  
heaviest bombardment of music that  
it has had since wartime. They are  
here for the Rotary convention, ac-  
companied by various local Rotary  
units from points within 500 miles  
of St. Louis.

Seven bands and one drum corps  
form the musical host, which today  
kept the space on Twelfth boulevard  
between the City Hall and Washing-  
ton avenue vibrating with "Dixie,"  
"Swanee River," "Ain't What They  
Used to Be," "Oh, Mr. Gallagher,"  
and "Hail, Hail, the Gang's All  
Here."

Their costumes were as varied as  
the styles and periods of their selec-  
tions, but all displayed the Rotary  
emblem.  
The official convention band, which  
is the only adult band in the collec-  
tion, is from Superior, Wis., and  
has 43 members. The musicians  
wear white uniforms with yellow  
stripes and blue insignia for the of-  
ficers.

Springfield, Mo., sends the biggest  
of the boys' bands, a Boy Scout or-

ganization with 125 members. The  
boys are in Scout uniform.  
The Rotary Boys' Band from In-  
dependence, Kan., has 102 boys,  
wearing military costume and over-  
seas caps. There is a large drum  
section and a big bass drum, which  
is pushed along on a truck bearing  
the Rotary emblem.

Memphis sends 105 boys in gray-  
blue uniforms and caps. Atlanta  
25 boys in blue costumes, and Miami,  
Ok., contributes the only independ-  
ent drum corps, with 16 members.  
The High School Band from Joliet,  
Ill., which is the official band of  
Camp Roosevelt, at La Porte, Ind.,  
the summer boys' camp of the Chi-  
cago and other Illinois high schools,  
has 61 members, in blue trousers,  
white shirts and navy hats.  
Zouave costumes, the most brilli-  
ant in the entire array of organiza-  
tions, are worn by the 43 mem-  
bers of the band from Clinton, Mo.  
Purple trousers, yellow coats and  
white fezzes are the most striking  
details of their costumes.

The boys' band from Quincy, Ill.,  
was due this afternoon. It had 44  
members.  
The Municipal Lodging House on  
Twelfth boulevard is the barracks  
for the boys. They sleep in double-  
deck cots, and physicians, nurses,  
policemen and firemen are there to  
give them attention and protection.

LAST RAIL OF ALASKAN LINE  
TO BE LAID THIS WEEK

Through Freight and Passenger  
Service Between Seward and  
Fairbanks Possible.

WASHINGTON, June 19.—Laying  
of the last mile of rail on the Alaskan  
railroad will be completed this  
week, permitting immediate through  
passenger and freight traffic with-  
out change of cars between Seward  
and Fairbanks.

Construction of 470 miles of road  
between the two termini, the Depart-  
ment of the Interior announced  
last week, will take nine years, three  
months and five days. The depart-  
ment held this to be a "remarkable  
achievement considering the charac-  
ter of the country and the delay  
caused by the intervention of the  
world war." The average cost of  
construction per mile was said to  
have been approximately \$84,000.

BARGE LINE TOWS RACING  
HERE FROM NEW ORLEANS

Towboat St. Louis Ten Miles Ahead  
of the Cairo—Contest May Mean  
Tonnage Record.

By the Associated Press.  
NEW ORLEANS, June 19.—Some-  
where near Baton Rouge, ploughing through the strong cur-  
rent of the Mississippi River, two  
boats of the Federal barge line are  
engaged in a long distance race.  
Barge line officers regard the con-  
test as unofficial, but to the crews  
of tow boats it is a real race.

The contestants, the St. Louis and  
the Cairo, each pushing half a dozen  
steel barges, left here Sunday after-  
noon, three hours apart, for Cairo,  
the St. Louis sailing first. Little  
significance was attached to the de-  
parture until it was learned that the  
crews of both tow boats had ex-  
pressed determination to be first  
to make the landing at Cairo. Wire-  
less reports to barge line headquar-  
ters when the office closed last night  
were that the St. Louis was 10  
miles in the lead.

The Cairo has the largest tow,  
but is assisted by a self-propelled  
barge carrying a cargo of ore for  
East St. Louis.

Barge line officials expressed a  
hope that both tows would reach  
St. Louis by June 30, so that a new  
record could be established for  
monthly traffic. Both tows carry  
a total of 13,000 tons of freight; if  
they reach St. Louis by the end of  
the month, the barge line will have  
handled upstream tonnage of 43,  
000 tons in June.

ROTARY PRESIDENT  
TELLS OF IDEALS  
OF ORGANIZATION

In Address at Meeting of  
Convention He Says Obliga-  
tions of Business Are  
Sincerity and Faithfulness.

TEXAN CRITICISES  
COURT DELAYS

Declares Little More Energy  
on Part of Lawyers Would  
Relieve Congested Dock-  
ets Throughout Country.

The old precept of business, "Let  
the buyer beware" (caveat emptor),  
is dead, and in its stead there flour-  
ishes the new rule, "Let the seller  
beware"—lest he misrepresent.

This is the message from Rotary  
clubs to the world, President Ray-  
mond M. Havens of Kansas City said  
today in the president's annual ad-  
dress at the first business session of  
the convention of International Rotary  
in the Coliseum.

"The doctrine of the irresponsibility  
of the individual is false," President  
Havens continued. "It con-  
tains the germ of moral decay. This  
convention is a world convention of  
men who have discovered that  
friendly and honorable relations be-  
tween men are capable of infinite ex-  
pansion. The principle is not cold  
calculations of the intellect. They  
are of the human heart, as much as  
of the human brain.

"Civilized society today needs spiri-  
tual help more than material im-  
crease. There is a mistaken notion  
that spirituality is a product of  
familiarity with literature and the  
fine arts. Not at all. The realities of  
life are the basis of spirituality.

"Rotary demands three business  
obligations—sincerity in affirming,  
simplicity in bargaining and faithfulness  
in performing. I may add that  
good citizenship is a business obli-  
gation.

"In free governments public opin-  
ion is presumed to be the controlling  
or shaping influence in public af-  
fairs. The pressure of good citizen-  
ship should be truth. The individ-  
ual is responsible.

Wealth Not a Standard.

The same thought ran through the  
annual message of Paul P. Harris of  
Chicago, who conceived the idea of  
Rotary organizations and established  
the first club. It was read to the  
convention. Harris told of the ideal  
of Rotary that each of its members,  
representing some business distinct  
from that of his fellow members,  
should be the ambassador of the  
business of the idea of establishing  
codes of ethics for business as in  
professions.

"The possession of wealth no longer  
constitutes the only barometer of  
success," Harris' message said. "The  
service ideal is gaining ground. The  
time when rich men are the big men  
is passing. Greatness in future will  
be measured by the service rendered  
able to get, but rather upon what  
one has been able and willing to  
give."

Decorations of Coliseum.

Flags and coats of arms of the  
United States and the 21 nations re-  
presented in the convention are promi-  
nent in the decorations of the hall.  
The Rotary emblem and the State  
Seal of Missouri are shown on the  
under-exposure of the large lights.  
Over the speakers' platform at the  
east end of the arena, foliage extends  
upward to the balcony.

At the opening of the convention,  
at 9:35 a. m., President Havens in-  
vited the delegates to remove their  
coats, and most of them did so. Al-  
though no band music was sched-  
uled, a band playing during a lull  
in the program, and during other  
pauses made Rotarians give bur-  
nished imitations.

The past presidents of Rotary  
were introduced, being "dug up" by  
a group of archeologists, attired like  
the explorers of King Tut's tomb.  
Following the applause from these  
past worthies, President Havens and  
Mrs. Havens were cheered. The audi-  
ence showed its good nature and its  
readiness to be entertained by  
incidents with delight at even such  
slightings as the accidental dropping  
of the chairman's gavel.

The convention program was  
opened by singing and prayer; and  
a group of archeologists, attired like  
the explorers of King Tut's tomb,  
who have died since the last conven-  
tion. Besides President Havens and  
President Emeritus Harris, the only  
other speaker was Harry H. Rogers,  
president of the Rotary Club of San  
Antonio, Tex., who departed for a  
time from his discussion of "The Ro-  
tarian as an Individual," to fling the  
following at the courts:

"As we go into court rooms and  
hear the judge say: 'The law is the  
law,' and the jury say: 'We find the  
defendant guilty,' and the lawyer say:  
'I am sorry, but the law is the law,'  
I am reminded of the words of the  
prophet: 'The law is the law, but the  
mercy is the mercy of God.'"

EGAN GANG LEADER  
SENDS BOY, HURT IN  
FIGHT, \$500 CHECK

"Sorry About Your Injury, Also  
the Young Fellows I Associate  
With," Colbeck to Say.

William (Dinty) Colbeck, member  
of the Democratic City Committee,  
and political leader of the Egan  
gang, showed newspaper reporters  
today a check for \$500 which he is  
mailing to Leonard C. Bickel, 13-  
1122 Gano avenue, who was injured  
March 24 on North Grand boule-  
vard during a running revolver fight  
between Hogan and Egan gunmen.  
One of the two automobiles engaged  
struck Bickel.

The boy wrote Colbeck June 12,  
stating that doctors have told him  
one of his legs will always be short-  
er than the other. He asked for  
help "to get an education and make  
my living."

Colbeck says he will reply as fol-  
lows:  
"Received yours of June 12 and I am  
sorry about your injury, also the  
young fellows who I associate with.  
As to your letter find check for  
\$500. Your truly, William Colbeck,  
1408 Franklin avenue."

Colbeck said he hoped the Hogan  
gang will send Leonard a like  
amount.

PREUS NOMINATED IN  
MINNESOTA FOR U. S. SENATE

Battle Expected to Be Between Him  
and Farmer-Labor Can-  
didate Magnus Johnson.

By the Associated Press.  
ST. PAUL, Minn., June 19.—Gov.  
J. A. O. Preus, who defeated Magnus  
Johnson in the last gubernatorial  
contest by 14,000 votes, will oppose  
the latter in the July 16 election,  
when a United States Senator will be  
chosen to succeed the late Knute  
Nelson.

The third man in the July 16 elec-  
tion will be James A. Carley, Demo-  
crat, but political observers look  
for the main battle to be between the  
governor on the Republican ticket  
and Johnson, the Farmer-Labor  
choice. The three were nominated  
in yesterday's state-wide primary re-  
turns today showed.

Governor Preus' plurality in a  
field of nine Republicans continued  
to grow as additional returns came  
in today when one-third of the State  
had reported, the Governor had a  
lead of more than 13,000 votes over  
Oscar Hallam, former justice of the  
State Supreme Court, his nearest op-  
ponent.

## IMPROVED BUSINESS REPORTED

By the Associated Press.  
WASHINGTON, June 19.—Busi-  
ness conditions "generally better  
than a year ago," have been re-  
ported by the Federal Farm Loan  
Board by the president of the 12  
banks and trust companies here.

The summary of the reports, made by  
the board, indicates satisfactory  
progress has characterized the agri-  
cultural situation of the last 12  
months, although weather condi-  
tions have hampered the growth of  
crops in some sections.

Late crops characterize the St.  
Louis district, the summary says, but  
the crops promise well and the bank  
officials believe there will be a con-  
tinuation of the "improvement al-  
ready noted over last year."

## UNION DRIVER ABANDONS HEARSE

Ordered Down by Business Agent—  
Funeral Procession Halted.

By the Associated Press.  
CHICAGO, June 19.—A funeral  
procession was stopped temporarily  
yesterday when the driver of the hearse,  
a member of Local 127 of the  
Teamsters, Chauffeurs and Stan-  
dardmen's Union, was ordered down  
by the business agent of the union.

The local is on strike for an in-  
crease in wages to \$42 a week. If  
they do not win their cars and  
\$45 if they do. They are receiving  
\$35. More than an hour's delay  
in the funeral proceedings was  
caused before an independent chauffeur  
was found.

## KIDNAPING CASE ACQUITS ON ORDER OF COURT

Instruction Comes After Girls Fail to Identify Defendant as One Who Coaxed Boy Into Auto.

### OTHER TESTIMONY IS STRICKEN OUT

Child, Questioned to Determine if He Is Competent Witness, Is Unable to Tell Coherent Story.

An instructed verdict of not guilty was returned today in Circuit Judge Grimm's court, in the case of Mrs. Mary Bright, 28 years old, charged with participating in the kidnaping of her 11-year-old son, Vincent, on Nov. 17, 1921, of Vincent, 11 years old, of 4551 Locust street.

The State's case was greatly weakened when two schoolgirl witnesses failed to identify Mrs. Bright as the woman they had seen coax the boy, Vincent, away from his home, 4551 Locust street, and into the automobile in which he was carried off.

The girls, Mildred Hoffman, 11, of 1416 Locust street, and Mary B. McCrell, of 4556 Locust street, had been examined by the State to point out Mrs. Bright as the woman. Mildred was reported to have identified Mrs. Bright when the latter was arrested shortly after the kidnaping. She said she had made no positive identification at that time.

Testimony of Mrs. Kelley. The testimony of Mrs. Rose Kelley, of St. Nicholas Hotel, also failed to identify Mrs. Bright as the woman who had taken the boy from a downtown restaurant the morning of the kidnaping with Frank Brundo, also under indictment in the case but who has never been arrested. That night Mrs. Kelley, in the hotel where all three were residing, asked her, Mrs. Kelley said, if she had seen newspaper accounts of a kidnaping. The State had expected to show that Mrs. Kelley's remarks indicated that she herself was implicated in the affair.

John E. Kelley, Mrs. Kelley's husband of 3228 Wash street, testified that Brundo told him, the night before the kidnaping, that he had "some business on a kidnaping." This testimony was stricken out on the grounds that Mrs. Kelley was on the present and that a conspiracy between her and Brundo had been shown.

Child Is Questioned. Before the court recessed for another examination was begun on the kidnaping child to determine if he was competent to testify. Because of his age, he would make no competent witness. He could give no coherent account of the kidnaping and frequently shook his head with "yes" and "no" to the same question.

Upon conclusion of the examination, the court announced the child would not be permitted to testify. Mrs. Bright was jointly indicted with Frank Palermo, 1418 Bluff street, in whose home the child was found, 13 days after the kidnaping. She took a severance just before her trial began yesterday. Palermo's case has been continued.

MAN PLEADS GUILTY OF MURDERING ROOMER IN HOME. Felix Sakanevic, 42 years old, of Collinsville, pleaded guilty at Edgewood today of the murder of James Puchkars at Collinsville on March 11 and was sentenced to prison for life.

Puchkars, who was 51 years old, was a roomer at the Sakanevic home. Sakanevic shot him and then strangled the body and threw the parts into Canteen creek near his habitation. The motive has not been established. It is supposed that Puchkars had knowledge of Sakanevic's alleged fraudulent action in obtaining workmen's compensation after an accident.

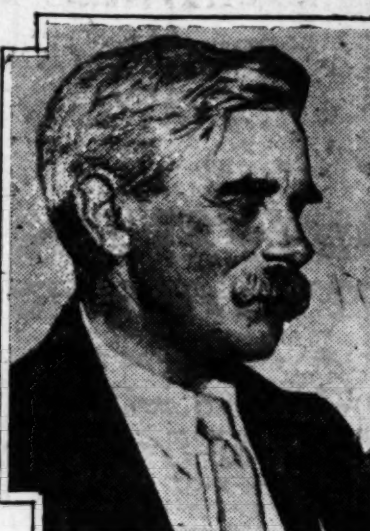

Sakanevic's wife gave birth to a child shortly after the murder. She has not visited her husband during his incarceration.

see the dilatory tactics of lawyers and the procrastination of judges, the wonder is that we have the respect for law and for the administration of justice that we have. A little more energy on the part of lawyers and judges would not only be a great financial saving but would dispose of congested dockets to be found all over the country. When confidence in the judiciary is shaken, the country is in danger."

To Attend Opera Tonight. The afternoon program was given over to an address on "Fellowship" by Charles J. Moynihan of Montrose, Cal., reports from convention committees and an open discussion of "constructive suggestions for Rotary."

Women accompanying their husbands and fathers to the convention were taken today for a steamer ride on the Mississippi. Tonight the visitors will see "The Prince of Pilsen" at the Municipal Theater. The entire theater has been reserved for them.

Convention Opens With Pageantry, Songs and Addresses. International Rotary opened its fourteenth annual convention at the Coliseum last night, with pageantry, songs and speeches. More than 7000 exponents of good will and fellowship, assembled from all parts of the United States and 29 foreign countries, were present. More are expected today when the convention gets under way in earnest.

The address of welcome was made by Herman Spoehrer, president of the St. Louis Rotary Club. He said their visit was like a simple country home-coming and urged the delegates to consider that they were "all back home in this city of homes."

A ceremony was darkened at 8:30 o'clock and a chorus of 35 voices sang a song of welcome. Then Miss Columbia walked onto the palm and flower decorated stage, and Boy Scouts, carrying flags of the nations represented in Rotary, marched to the platform.

National Anthem Sung. A group of maidens in Grecian costume marched down the central aisle bearing strings of flowers. Robotic of the nations having Rotary clubs. The Rotarians then stood and sang "The Star-Spangled Banner." "God Save the King," and "America."

The platform had been arranged on the east side of the auditorium with chairs on the main floor grouped in left, right and middle sections. It is also planned to use all galleries to seat delegates and visitors. Only 1800 Rotarians are empowered to vote on legislative matters and these have arena seats.

Exercises concluded. Rotarian James F. Finley, speaker at the chairman's table and called the convention to order. A loud speaking device had been installed so as to make all speaking audible in every part of the Coliseum.

Spohrer's address of welcome was responded to by Past President Crawford C. McCullough. Rotarian Walter W. Head of Omaha, vice president of the American Bankers' Association, made the principal address. He spoke on patriotism, in part, as follows:

"Patriotism is not satisfied. It is not static. It devotes itself, not merely to maintaining and increasing the prestige of the nation which it honors, but equally to the perfection of that which it exalts. Before the

### WARNING TO ROTARIANS USING AUTOS BEARING THE "HOP IN" SIGN

ACTING Chief of Police Rundle today issued a warning to Rotarians to beware of impostors driving automobiles with the sign "Rotarians Hop In."

The order followed information given the police that impostors were being driven from authentic automobiles. The only use they could be put to, in the police theory, is that of inveigling visitors into the machine of robbers at night.

When the signs are issued by the Rotarian headquarters, an official Rotarian badge is given the machine driver. Visitors are cautioned to look for this badge when invited to ride. No George J. Textor, member of the Executive Committee in charge of arrangements for the Rotary Convention, today said there had been instances of Rotarians being charged for rides in cars bearing the "Hop In" signs.

"We want every visitor to know that there is no charge for riding in these cars," he said. "They are absolutely free to visitors and every one should refuse to pay the pirates who have improperly obtained possession of the signs and are using them to extort money from visitors."

True patriot rightly says, "My country, right or wrong," he should do his utmost to make certain that his country is right. Participation in Government has given this privilege and imposed this duty, which did not rest upon the patriot of an earlier stage of progress.

"There was a day when war was a prime evidence and success in war a prime purpose of patriotism. Harder to achieve is the patriotism of peace, harder because the issue is not so plain, harder because at times reason conflicts with sentiment, harder because one must realize that the very object of one's worship needs assistance to make it perfect, no less than devotion to make it supreme.

"We cannot preach or even practice patriotism in politics and ignore its principles in business. No man can violate the principles of sound business without injuring the community welfare. By so doing he injures the commonwealth, just as when he violates the laws or commits an act of disloyalty to our national institutions. It is unpatriotic to do the one; it is equally unpatriotic to do the other.

"To be truly patriotic—in this day as in days long gone by—one must be obedient to the laws which the nation makes for the guidance and safeguarding of the various interests of all its people, obedient to the conventions which good taste has established for the protection of the sensibilities and the morals of the community, obedient to the ethical principles which character has put into practice for the mutual uplifting of man's spiritual being.

"The symbol of Rotary is the wheel of industry. Its votaries are found in the ranks of the manufacturers, the merchants, the bankers, the educators, the lawyers, the doctors. One of its tenets is the betterment of the individual member; a second is 'the betterment of the member's business; another is the betterment of the member's craft or profession; the fourth—greatest of all—is the betterment of the member's home, his town, state, and

A "Rotary" telephone exchange has been installed at the Coliseum. Anyone wishing to talk to any of the officials of the convention, whose offices are in the Coliseum, need only to pick up the receiver and call for "Rotary." It is not necessary to give a number.

country, and society as a whole. Rotarians, as representative business and professional men, cannot fulfill these purposes without obedience, without such thorough and exact obedience as will stand forth in their respective communities—shining examples for the guidance of others.

Can't Delegate Duties. "To be patriotic, one must have an interest in one's country. One cannot be patriotic if he delegates the government to someone else. If he lets someone else attend to politics, one must be interested in government; one must participate in government. One must vote and vote intelligently. To do that, one must be alive to the purposes of government, to the needs of the people governed, to the responsibilities of the government to those needs."

Rotary enthusiasm, which earlier in the day had made hotel lobbies colorful and soundful, developed loud and prolonged cheering. Songs were sung last night and cheered. Speakers drew ovations.

Various towns in Missouri are "arriving" with bands and hand-bellied delegations. Independence, Mo., has a band of 150. Springfield and Kansas City were among the Missouri names most in evidence on Missouri streets or arm bands.

Four Candidates for Presidency. The convention already is going on the election Thursday afternoon, and four prominent presidential candidates are in the field to succeed President Hayes. They are H. J. Lumer, St. Louis, millionaire lumberman of Orange, Tex.; Thomas Sheehan, president of the Durham-Duplex Safety Razor Co. of Jersey City, N. J.; Guy Gundaker, a restaurant operator of Philadelphia; and Norman Black, editor of the Fargo (N. D.) Forum.

More Than 6300 Rotarians and Visitors Registered. At registration headquarters in the Overland Building it was announced that 6303 Rotarians and visitors had registered up to last night. Two hundred more had registered before 9 a. m. today and still they were coming in.

There will be no business session of the Rotary convention tomorrow afternoon, as St. Louis automobile owners have been requested to place their cars at the disposal of visiting Rotarians to visit various points of interest. Automobiles thus furnished may be registered for service at 1:30 p. m. tomorrow, at the following points: Hamilton Hotel, Hamilton and Maple avenues; Chase Hotel, King's Highway and Lindell boulevard; Vandeventer avenue and Lindell boulevard; Jefferson Hotel, Twelfth and Locust streets; and Hotel Statler, Ninth street and Washington avenue.

There will be free noonday organ recitals in honor of visiting Rotarians tomorrow, Thursday and Friday, from 12:15 to 12:45, at Christ Church Cathedral, Thirteenth and Locust streets, by Arthur Davis, Cathedral organist. The Cathedral will be open daily from 8 a. m. to 5 p. m. and an invitation is extended to inspect the records, which is one of the finest pieces of ecclesiastical sculpture in the United States.

A "Rotary" telephone exchange has been installed at the Coliseum. Anyone wishing to talk to any of the officials of the convention, whose offices are in the Coliseum, need only to pick up the receiver and call for "Rotary." It is not necessary to give a number.

The delegate from Montevideo, Uruguay, is Leo Daly, former St. Louisan. He was in Canada in 1905 to represent Swift & Co. and now is head of that concern's interest in South America.

## \$1,500,000 SHORTAGE CLOSES KANSAS BANK

Cashier of Wichita Institution Said to Admit Using Collateral in Oil Ventures.

By the Associated Press. WICHITA, Kan., June 19.—Faced with an alleged defalcation of approximately \$1,500,000 by Phillip A. Drumm, cashier, the American State Bank here, closed its doors today. The Wichita Clearing House Association announced that Drumm had confessed the defalcation when shown a statement covering his operations and had said that all his personal properties would be turned over to the bank.

The relatively large defalcation was explained in part by the fact that the bank held what was said to be in excess of \$1,000,000 in Wichita school bonds. Drumm is alleged to have used these and other bonds as collateral to float personal loans for investment in oil ventures. Drumm was in charge of the bond department of the bank.

Drumm was said to have invested considerable sums in the Severe Oil fields of Southwestern Oklahoma. The bank is 21 years old. Its capital stock is listed at \$150,000 and its surplus, \$250,000. Its surplus, undivided profits and an equity in bank buildings are said to be \$475,000.

J. N. Richardson, president of the institution, expressed belief that depositors could suffer no loss. Drumm had been employed by the bank for 17 years. He had been cashier during the last year. He is married and is 38 years old.

Wholesale broom corn interests of Wichita were said to be the heaviest depositors of the bank. It held State deposits of \$74,323, amply protected.

The alleged defalcation was discovered last night when officers checked Drumm's accounts.

Possibility of Recovering Half of Wichita Bank Shortage. By the Associated Press. TOPEKA, Kan., June 19.—The arrest of Phillip Drumm, cashier of the American State Bank of Wichita, who is reported to have confessed the defalcation of \$1,500,000 from the bank, was ordered early today by State Bank Commissioner Carl J. Peterson. The commissioner believes that the aggregate loss to the bank will not exceed one-half of the amount of the defalcations, due to the probability that half of the amount can be recovered.

The bank was the second largest State bank in Kansas, according to the Bank Commissioner, and had deposits of \$4,600,000.

"The defalcations have been going on for three years," Peterson said, "and were not discovered until very recently, when J. N. Richardson, president of the bank, checked the shortage up to the cashier. Drumm had successfully covered up the shortage by selling bonds belonging to the bank and substituting those belonging to the Brown-Crummer Investment Co., which kept large amounts of bonds in the bank. The State Examiner had detected no discrepancy, nor had the Wichita Clearing House, which make two examinations a year of its member banks."

## GARVEY CONVICTED; PUT UNDER STRONG ESCORT

Negro Head of Steamship Company Remanded Without Bail on Prosecutor's Plea.

By Leased Wire From the New York Bureau of the Post-Dispatch.

NEW YORK, June 19.—Marcus Garvey, negro, head of the Black Star Steamship Co., was found guilty of using the mails to defraud by a jury in the Federal District Court last night. He was remanded to prison without bail upon the representation of the Federal prosecutor that the Government has evidence showing funds collected in Garvey's negro movement had been used for the purchase of guns and ammunition and that the African Legion, headed by Garvey, would "stop at nothing to protect him."

Garvey made a demonstration in the courtroom after the jury had returned a verdict finding him guilty on one count of the five on which he was tried. Five United States Marshals, six uniformed policemen and detectives of the bomb squad surrounded the negro leader and led him away. A crowd of negroes was waiting at the foot of the stairs in the Federal Building and the officers did not attempt to take Garvey to the Tombs until the crowd had been dispersed.

"Not to be Cowed." "You may relent," angrily shouted Garvey to United States Attorney Max Baughman as he was led away. "You are the meanest."

A United States Marshal jerked Garvey, several others closed around him and he was led toward the door. As he passed Mrs. Garvey, she fell sobbing into his arms. Garvey was first taken to the United States Marshal's office to wait until the crowd of negroes below had become quieter. An angry murmur went up from the crowd when word of Garvey's conviction reached it. A few guards stationed in the post-office corridors were unable to dispel the crowd.

The Assistant United States Attorney made the request that Garvey be held without bail after Garvey's lawyer had asked that he be released on the \$5000 bail under which he was held after his indictment.

"Marcus Garvey is a menace at this time if he ever was," said Mattuck. "I make this request with a full realization of my responsibility. We have evidence showing that some of the funds collected in his movement has been spent in the purchase of guns, munitions and ammunition. He is head of the African Legion which will stop at nothing to protect Marcus Garvey."

Addresses Court. Garvey had stepped up by the side of his lawyer and only a few feet away from Mattuck. His face worked in rage as he began to address the court.

"It is positively immaterial to me what the prosecutor says," he began. "I am satisfied to go before the whole world and show certain people what is being done in the name of the United States."

Then Garvey's anger got beyond control. He turned in a rage to the prosecutor.

"I'm satisfied to suffer for my work," he shouted. "I'm willing to die for it."

Judge Mack ordered Garvey locked in a cell by himself. Sentence will be pronounced Thursday. Garvey can be given five years in prison and \$1000 fine. The three other defendants in the case were acquitted. They are Orlando M. Thompson, vice president of the Black Star Steamship Co.; George Tobias, treasurer, and Eli Garcia, a director.

The verdict was returned after deliberations lasting 10 hours. Most of the time was taken up in going over the various counts contained in the two indictments on which the four defendants were tried. An hour before the verdict was returned Judge Mack called the jurors into the courtroom and urged them to do their best to reach a verdict.

Crowd Had Tension. There was a slight stir in the courtroom when the foreman of the jury announced they had found Garvey guilty. The crowd of negroes which had filled the courtroom throughout the day had thinned to not more than 20 persons, among them the wives of the defendants. Other negroes had been kept from the building.

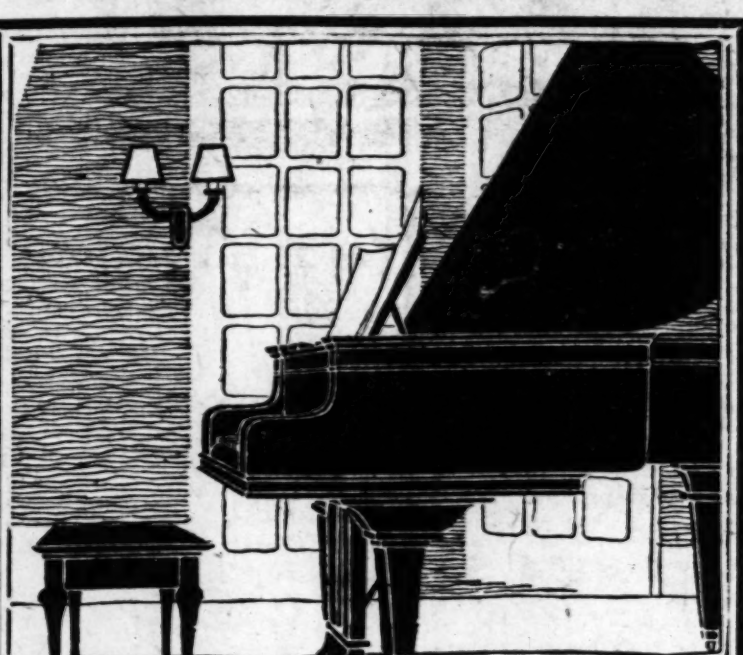

More than a dozen Marshals and detectives were in the courtroom when the jury returned. Police had kept guard inside and outside the building throughout the day. Garvey's lawyer moved that the verdict be set aside. This was denied and he then asked that sentence be deferred a few days and the defendant released on his existing bail.

Garvey was held in the Marshal's office for a time and then taken down a stairway on the opposite side of the building from the crowd of angry negroes who had congregated at the south side.

McCall Printed Pattern 3254

JUST such a prim little dress as a child on her best behavior would love to wear is made of pale blue organdie that is thin enough to show full bloomers underneath. The tiny cuffs button back, the bateau neckline goes from shoulder to shoulder, and long pleats run from neck to hem.

## \$15,000 FOR SUMMER SCHOOL PLAYGROUNDS

Board of Education Cuts Fund for Work \$48,000 Below That of Last Year.

The question of recreational and playground work in the public summer schools this year, which has been discussed for several weeks, was settled at a special meeting of the Board of Education yesterday afternoon, which adopted a recommendation of the Committee on Instruction, appropriating \$15,000 for summer school work, \$15,000 of which is for the school playgrounds. This appropriation is \$48,000 less than that of last summer. The difference is in the recreational fund. The Superintendent's estimate of the total cost of summer work, aside from the playground instruction, was \$150,000, the same as last year, and this was granted. However, a year ago \$63,000 was appropriated for recreational and manual training work, making the budget for 1922 summer schools \$213,000.

To Open Playgrounds All Day. Despite this decrease in the funds available, Superintendent of Instruction Maddox said after the meeting that he plans to open as many playgrounds as last year—there were 20 offering recreational work then—and that the school yards will be open all day instead of in the mornings only, as was the case last year. The vote was not unanimously in favor of the committee's report, Stephen M. Wagner voting against it. He later explained that his vote was "consistent with my attitude all along."

McDonald Explains Vote. Jesse McDonald, a member of the Finance Committee which told Superintendent Maddox it would not appropriate funds for playground work this year, said he voted in favor of the \$15,000 because he was "tired of having an editor sit at his desk and write a line attacking the board when a board member cannot see more than a dozen persons in a week to explain the situation. The paper carries the message to all the readers, and they don't quite understand."

McDonald explained his action as a member of the Finance Committee in refusing funds for recreational work by saying that he thought that was not a proper part of a school curriculum. He believed that recreational work should be handled by the City Playgrounds Department.

Indictments in Latvian Case Dismissed.

By the Associated Press. NEW YORK, June 19.—An indictment against the United States of America International Co., a Delaware corporation, and three of its officers, on information presented to the grand jury by a representative of the Latvian Government, was dismissed yesterday by Supreme Court Justice Wasservogel. The indictment charged misappropriation of \$450,000 in Latvian bonds. George H. Steele, Elmer E. Carlson and John H. Murphy, named in the indictment, were empowered to negotiate the purchase of railroad material in the United States for Latvia. The information, given to the grand jury by Charles L. Seagra, Latvian Government representative, was furnished by his Government and was not of his own knowledge. On this ground the indictment was dismissed.

## OLD AND YOUNG HAVE WAY NOW TO REVIVE CLEAR, PLEASING FACE

Black and White Creations Make Safe and Sure the Efforts to Correct Bad Complexions.

Whether you are old or young in years makes little difference if you really want a clear, rosy, pleasing complexion.

The only reason your face is now sallow, rough and "hard" is you have been neglecting the care which exposed skin must have to keep it soft, clear and pleasing to look at.

The skin on your face always is exposed to many kinds of weather and abuse. That is the reason it must have attention to keep it from getting "weather worn." Look at the skin on your body where it is protected from all outside influences. Nice and soft, clean and about the same as it was when you were young. Isn't it? If your face could have been kept covered up all this time it would be just the same. But it is possible now to revive that clear, smooth, pleasing appearance to your complexion by using the famous Black and White Cream and the famous Black and White Lotion. You have the manufacturer's guarantee that must satisfy or your money will be returned to you.

**THE POST-DISPATCH PLAT-  
FORM.**  
I know that my retirement will  
make no difference in its editorial  
principles, that it will always be  
for progress and reform, never tol-  
erate injustice or corruption, always  
fight demagogues of all parties, never  
belong to any party, always oppose  
privileged classes and public plun-  
ders, never lack sympathy with  
the poor, always remain devoted to  
the public welfare, never be satisfied  
with merely printing news, always  
be drastically independent; never be  
afraid to attack wrong, whether by  
predator, plutocracy or predatory  
poverty.  
JOSEPH PULITZER.  
April 10, 1907.

**LETTERS FROM THE PEOPLE.**  
The name and address of the author  
must accompany every contribution, but  
on request will not be published. Let-  
ters not exceeding 200 words will receive  
preference.

**THE POLITICAL PRISONERS.**  
Militarism and Democracy.  
To the Editor of the Post-Dispatch:

YOUR articles, editorials and cartoons  
in behalf of our political prisoners  
will be deeply appreciated by every one  
of your readers in whom the heart and  
brain are properly functioning. It is  
unthinkable that men should be impris-  
oned for voicing their opinions—opinions  
molded from the consciences God has  
given them.  
Duke Frederick's letter opposing your  
attitude presents an illuminating exam-  
ple of the militaristic intolerance which  
is largely responsible for an injustice  
that strikes at the very soul of our re-  
public. But for this lamentable fact, his  
charge that these men are traitors, that  
they preferred a Hindenburg to a Per-  
kins, and the rest of his senseless twa-  
dles could be met with pitiable scorn. Is  
"freedom of speech" a privilege to be  
granted merely to a few irrational ad-  
vocates of militarism, and shall this priv-  
ilege be denied to its opponents? Let  
me remind Mr. Frederick that any man  
who enjoys the privilege of extolling acts  
of warfare as noble and heroic virtues,  
and would deny another the privilege of  
denouncing war as the most brutal, bestial  
and cowardly of all inhuman crimes, has  
yet to learn the fundamentals of  
American democracy.

Any man who may sincerely think that  
militarism constitutes a grave menace  
which may prove fatal to his country  
has a right to say so. Nay, it is his  
solemn duty, for by remaining silent he  
knowingly assists a cause which he be-  
lieves will ultimately destroy his country.  
Then indeed would he be a traitor, and  
doubtless traitors under arms would place  
a tag in his mouth.

Need we behold the sorry spectacle of  
Europe? The seeds of militarism were  
well planted there. Today she is reaping  
the harvest. Nor will Europe ever be  
rebuilt by the militarists who destroyed  
her. Surely Mr. Frederick would not be  
so ridiculous as to attribute Europe's fall  
to the few sincere men over whom he  
was imprudently and unjustly placed  
to our espionage act. He also regrets that  
you make no mention of those who died  
"in Flanders Fields." What, may I ask,  
is he doing to prevent a repetition of  
the ghastly tragedy that swamped the  
fields of France and Flanders with hu-  
man blood? Fortunately, the great  
masses of our people are far too intelli-  
gent to be influenced by such opinions.  
I would rather see my hands paralyzed  
than that it be raised to write against a  
fellow creature, right or wrong, good or  
bad, incarcerated in a prison cell.

ARTHUR WOOD.

**End An Injustice.**  
To the Editor of the Post-Dispatch:  
MAY I commend you for your very fine  
stand in behalf of our political  
prisoners? Your paper, I am sure, has  
long enjoyed the esteem of the great  
majority of our people. Perhaps more papers will  
follow your example. A. I. LAMONTE.  
Boardbrook, N. J.

**Another Type of Logic.**  
To the Editor of the Post-Dispatch:  
YOU certainly got a good warning by  
Duke Frederick of Mena, Ark. You  
would rather support a traitor than a  
soldier, when America is concerned. You  
are in the same boat as those who par-  
ticipate in the Ku Klux Klan. And the gobs  
will get you if you don't watch out.  
Mr. Frederick needn't be surprised  
at your holding a brief for disloyalty.

Let another world cataclysm come and  
the Post-Dispatch, with its European  
ideas, might suffer the fate of public  
effigy. Yours for good American citizen-  
ship, for American ideals, as opposed to  
European socialism.  
H. S. CHURCH, Renault, Ill.

**Stirring Up the Correspondents.**  
To the Editor of the Post-Dispatch:  
I HAVE been following closely the ar-  
ticles which your paper is carrying about  
the political prisoners, and I want to con-  
gratulate you for taking up this question,  
and also for the sympathetic and careful  
way in which the material has been han-  
dled. Some of the details of this matter  
are rather complicated, but your corre-  
spondent, Mr. Ross, has given a most ac-  
curate and interesting account of the  
situation. May I also congratulate you on  
the splendid story by Mr. Paul Y. Ander-  
sen, which was carried in Sunday's paper  
of a week ago?

I have been hearing many favorable  
comments on this special piece of work  
of the Post-Dispatch from newspaper cor-  
respondents and others here in Washing-  
ton, from whom you will probably never  
hear directly. Your articles are causing  
very widespread interest in amnesty and  
I feel sure that they will render invalu-  
able assistance in securing the release of  
the political prisoners. I have often felt  
that if it were only possible for the gen-  
eral public to know the facts, there would  
be no question of the release of these  
men.  
MARY GERTRUDE FENDALL.  
Washington, D. C.

**THE SPOTLESS GERHART.**

Having impugned the motives of his fellow mem-  
bers of the Citizens' Bond Issue Advisory Committee  
because they do not agree with him on the east  
approach to the municipal bridge, having split the  
Tenth Ward Improvement Association and ousted  
Arthur Stoehr, its eight-term president, for the  
same reason, Frank H. Gerhart is now assailing the  
newspapers for daring to disagree with him on his  
hobby.

Mr. Gerhart says "Journalism must have adver-  
tising," and declares that he does not believe the  
newspaper editors express their own opinions. In  
short, the newspapers are the slaves of the adver-  
tisers and the advertisers are the tools of a deep,  
dark conspiracy of the railroads, which are the  
agents of the devil.  
The advisory committeemen who oppose any-  
thing Gerhart proposes are corrupt; so are Mr.  
Stoehr and his supporters in the Tenth Ward Im-  
provement Association; so are the newspapers and  
their writers who do not echo when Gerhart calls;  
so are the merchants of St. Louis; so is everybody  
whom Gerhart does not control for his own pur-  
pose. There is none good, no, not one, in St. Louis,  
except Frank Gerhart and his bootlickers, and the  
latter are under suspicion.

If the Lord, as in the case of Sodom, should bar-  
gain to spare St. Louis if 10 righteous men could be  
found therein, the city would be doomed. Like Lot,  
Frank H. Gerhart alone would walk out of St.  
Louis, shaking the dust of the wicked and corrupt  
community from his holy feet and leaving it to the  
destruction the wickedness of the citizens had  
brought upon it. The purity, the public spirit, the  
wisdom, the judgment, the righteousness, the pa-  
triotism—all the virtues and qualities of good citi-  
zenship are concentrated and wrapped up in the  
spotless and all-wise Gerhart.

If ever the east approach shall be built let us  
dedicate it as a \$5,000,000 memorial to our peerless  
citizen, Frank H. Gerhart, and surmount it with  
a statue of the immaculate Gerhart clothed in the  
white robe of righteousness and holding aloft in his  
hands the emblem of virtue of which he alone is  
the embodiment.

Dr. Melkeljohn, it is reported, is to be ousted  
from the presidency of Amherst College. The Tories  
occasionally kill a liberal, but they can't kill lib-  
eralism.

**FRANCE MUST YIELD.**

Discussing reparations in his article in the Sun-  
day Post-Dispatch, Lloyd George asks: "Is it un-  
reasonable to propose that this question, which  
involves the most searching examination into Ger-  
man assets, should be referred to a tribunal which  
would be capable of giving it calm and judicial con-  
sideration?" He goes on to show, lucidly and  
cogently, that not only is there nothing unreason-  
able in such a proposal but that in no other way  
can the question be settled.

Premier Poincare, however, objects to the plan.  
He says it is unnecessary. Further, he declares  
that the reparations claim of France is an irreduc-  
ible minimum, subject neither to consideration nor  
compromise. He insists that Germany is able to  
pay the reparations bill as already rendered.

This is an indefensible position for France to  
take. England is frankly in favor of adopting the  
suggestion for a commission of experts, originally  
made by Secretary Hughes, to which Germany has  
formally subscribed. It is a fair inference, too,  
that both Italy and Belgium endorse the plan,  
though, out of regard for French sensibilities, they  
are officially noncommittal. France, therefore,  
stands alone in her intransigence. It is a salient  
fact, sooner or later, she must abandon. No  
nation can permanently defy the sentiment of the  
world as France is now doing.

It ought to be clear, too, that France would not  
fare badly at the hands of a competent commis-  
sion. Her full claim might not be allowed, but  
there can be no question that a commission of this  
character would give France the benefit of every  
doubt. It is obvious, also, that the amount of re-  
parations which the commission would fix would far  
exceed the maximum of Germany's offer. Probably  
it would be nearer to the Belgian figures than the  
German. Further, from the findings of such a  
commission there could be no appeal by Germany,  
no more evasion, no more defaulting, no more  
financial jugglery. Germany would have to get  
down to the grim business of paying her debts,  
which she could only do by regaining the world's  
confidence and re-establishing her credit.

The good faith of Germany since the war has

been repeatedly challenged, but today it is France,  
not Germany, whose good faith is under suspicion.  
When a nation's allies are asking her to say frank-  
ly what she wants, as her allies are now asking  
France, the unwisdom of her attitude is manifest  
and the necessity for candor and sincerity acute.

And it's all right to suppose the Lasker junket  
will be a bone-dry cruise, because there is no law  
yet against supposing.

**THE PENNSYLVANIA AND THE LAW.**

The Railroad Labor Board charges the Penn-  
sylvania Railroad Co. with refusing to comply with  
the provision of the transportation act enabling  
employees to select their own representatives in ne-  
gotiations on wage and working conditions. In its  
summary of the company's course the Labor Board  
has made a strong case. Not only is the fact of  
the company's refusal to obey the law apparently  
proved, but seemingly conclusive evidence as to  
the company's insincerity is submitted.

It is not likely that the Pennsylvania company  
will let this rebuke go unanswered. But regardless  
of which side wins the debate it must be clear that  
the present situation cannot continue. The position  
taken by the Labor Board in this controversy  
emphasizes the necessity of amending the transpor-  
tation act, which item of business, as is well known,  
is included in the program of the La Follette group  
in the next Congress. Just what this group will  
undertake to do is not known. Some of them favor  
repealing the transportation act. Others are on  
record as more than willing to abolish the Labor  
Board. But none of them, it may be assumed, will  
approve the right arrogated to itself by the Penn-  
sylvania Railroad of obeying such provisions of the  
law as it fancies and violating the provisions that  
are distasteful.

One of the hopes cherished by the framers of  
the transportation act was that, in the regulation of  
the transportation industry, the power of public  
opinion would be binding upon both the railroad  
managers and employees. The Pennsylvania Rail-  
road has in effect said "public opinion be damned."  
Unmistakably it has demonstrated the impotency  
of the good intentions of law. If that company is to  
be regulated by law the law must have teeth in it.  
The forthcoming Congress is reputed to have  
the disposition and probably the power to put teeth  
in any law that needs them. It may, therefore, ac-  
commodate the Pennsylvania Railroad Co. rather  
more than that company desires.

Senator Bursum of New Mexico is opposed to our  
joining the World Court for reasons satisfactory to  
any grand old troglodyte.

An aged Kansas convict prefers his cell to free-  
dom on parole in the climate of California. Let  
the West Coast windjammers put that in their  
horn and blow it.

**THE OUTLAW AIRPLANE.**

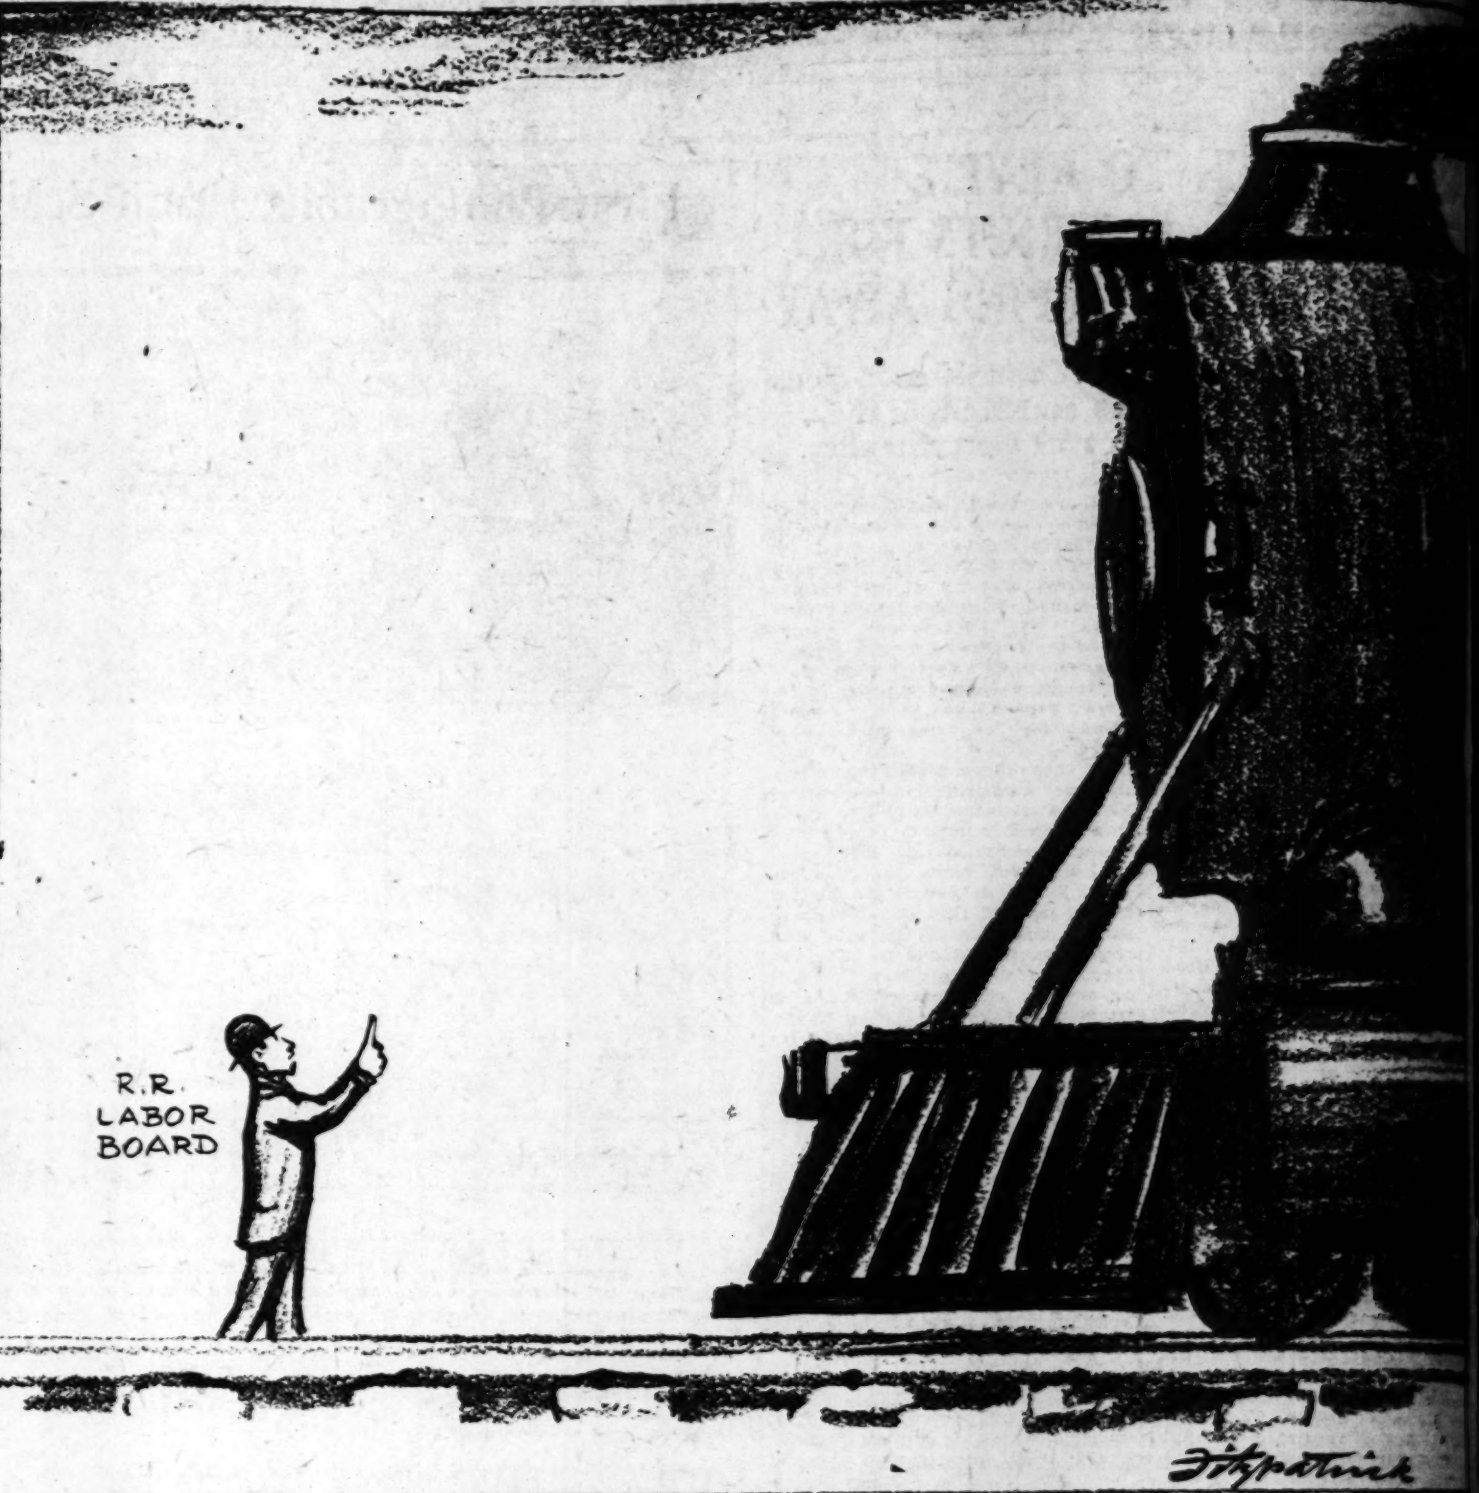

An airplane owned by an Egan gangster and  
former two-term convict is being held by the St.  
Louis police on the theory that it was intended to  
play a part in a recent mail robbery at Pocaahontas,  
Ill. The enterprise and courage of gang society  
undoubtedly would be better rewarded in the long  
run if applied to legitimate enterprise. Neverthe-  
less, it is a significant fact that banditry, which  
has found such an effective tool and ready ally in  
the automobile, is already sending its pioneers into  
the air.

The bandit air car for some time may work under  
a disadvantage for the reason that paucity of pri-  
vate machines makes it more difficult for a gang  
machine to lose itself in the multitude. But when  
that handicap is removed it can be depended upon  
that the favorite resort of fugitive desperadoes  
will be the unbounded sky.

With the entry of the outlaw element into avia-  
tion severe regulation of the air begins to leave the  
limbo of speculation and to appear as an imminent  
necessity. Planes must have license numbers and  
other signs of identification which may be read  
from a distance. There must be air police to flee  
from which will be made a punishable offense.  
When it is considered how badly the outlaw auto-  
mobile is controlled today the controllers of the  
air must get an early start if they hope to keep  
pace with the outlaw plane when that becomes a  
practicable and successful institution.

If Gov. Hyde's Colonels have to attend the Presi-  
dent's reception in full regalia, as now impends,  
they at least can claim to be the guys that put swell  
in swell.

**HERE YOU ARE, GIRLS!**  
NISE Portia in Dean Swift's style and feet  
Scores modern man because he seems  
to be a little bit of a girl.  
Decries his cigarette and dapper manner—  
Flames in his face eugenics' stern, cold ban-  
ner.

But all the facts refute our Portia's stand.  
The error worn by Kings of old so grand  
Is smaller by some inches all around  
Than would fit average modern man, 'tis found.

Cold facts collected by the scientist  
Show us the better animal down the list.  
We're taller, heavier, healthier in the main  
Than doughty knights of chivalrous acclaim.

All evolution has an upward trend.  
So why imply that man can never mend?  
Why hail the so-called misbegotten men of old  
And to us budding Dempsies be so cold?

So buck up, ladies, and take heart of grace:  
The future brightens for the human race.  
That you are hard to please all will agree.  
But wait another thousand years and see!

Meanwhile the lads with cane and cigarette  
And jazzy clothes are Uncle Sam's best bet.  
And if you doubt their vigor or their might,  
Think once of Belleau Wood and twice of Argonne  
fight!

Judge Gary makes about the best suggestion  
I have seen as to the role we might play at  
our co-operation, is searching for a way out of  
the abyss into which it was plunged by the war.  
He suggests that we search our own hearts. Let  
us do so, by all means. This is something we  
can do without reopening any of the wounds of  
the war, and it is, moreover, something that is  
not being done anywhere else. The rest of the  
world is too busy searching its pockets to notice  
what we are doing. We imagine if he would  
find it a little ashamed of the righteousness af-  
fected by the Steel Corporation in its un-  
bashed defense of the 12-hour day; just as we  
fancy that if most of us looked into our hearts  
we would be surprised to discover how hard  
and selfish they have become, how insensible  
to fitness and how unresponsive to spiritual  
things. There isn't much heart in our material  
time, and nobody can so fully remind us of it as  
the head of the Steel Corporation.

An historian from Oak Park, Ill., has just  
completed an automobile trip over the route  
traversed by Abraham Lincoln and his parents  
in their migration from Kentucky to Illinois.  
He found hundreds of Mr. Lincoln's cousins  
along the way, and probably saw other families  
wandering about as the Lincolns did without  
leaving any trail at all. It was Mr. Lincoln's  
interest in the latter rather than the great of  
this earth that made his trail interesting. Peo-  
ple camped at the roadside with their feet  
sticking out of Ford's are an almost too familiar  
sight with us now for us to appreciate all the  
ways in which we enjoyed our freedom in this  
country when we were fresh from the tyrannies  
of Europe. Probably some barefooted boy, who  
slept last night underneath the family flivver,  
with a sack of old kasha for a pillow, will  
stand at length to restore to us our freedom,  
as Lincoln freed the slaves.

These big conventions affect my mind.  
I saw a picture-page illustration captioned,  
"Rotary engine for proposed transcontinental  
airplane flight."  
I am led to suppose they used a lot of  
"Babbitt" metal in its construction. R. G. B.  
A Chicago professor plans to live 120 years.  
It will not be worth it if he means to spend it  
all in Chicago.

Sir: A meadow "fate" was held the other eve-  
ning in honor of Scraggy George, who was just  
in off the road from a long pleasure trip. The  
affair was held in Hovel's Run, near the bluff,  
and the natural beauty of the shrubbery and  
trees, together with the fresh carpet of green,  
added much to the enjoyment of the occasion.

There was a large company present, most all  
of the prominent knights of the road and gentle-  
men of leisure who happened to be in town be-  
ing on hand.

The arrangements were all made by Rusty  
Nick, who had placed the box seats in the form  
of a horseshoe, as a symbol of good luck, with  
the guest of honor seated in the center.

The chief, Lefty Louis, had prepared a most  
savory stew, while the aroma of the cafe noir  
gave proof of its sterling quality. When the  
inner man had been satisfied and sufficient  
praise had been bestowed upon the appetizing  
qualities of the "mulligan," pipes and butts were  
produced, and as the wreaths of smoke curled  
skyward personal adventures and experiences  
were in order. Many a quip and jest was passed  
upon the people they had met and the places  
visited; and if the officials of some of the towns  
which were mentioned had been present they  
might have picked up some useful points.

For one thing, they would have learned  
how easy it is for a town to lose its popularity  
by neglecting to show proper courtesy to the  
stranger within its gates.

The crowd was delighted when Happy Dan  
related how he had impersonated a one-armed  
man in Joplin, while the following week, in  
Hannibal, found the missing arm restored, but  
through a further misfortune he had lost his  
right.

The good-natured revelry continued until  
nearly midnight, when the claims of Morpheus  
could no longer be denied, so that one by one  
they sought nature's couch, there to sleep the  
sleep of the just, as men without a care and a  
clear conscience should.

**JUNE'S COLORATURA.**

INTO the silent twilight preceding dawn  
Interjected the sweetest prelude.  
It is as if Ganx had waved gently  
Toward the wood-winds.  
Then, with the growing light,  
Came more and more music  
From Tower Grove Park, and finally,  
A burst of full symphonic power.  
It is our Missouri passers  
These dear, intimate strangers  
Mix and mingle their chromas,  
And yet keep every solo part distinct—  
Distinct as are their feathered contours.  
How long might not one lie and listen  
To this early and wondrous capella.  
Were it not interrupted  
By these wild birds' city confines?  
For, breaking in, like raucous gallery gods,  
The chipping sparrows underneath our eaves,  
Have, with their wilder, sweeter revells,  
Submerged the wilder, sweeter revells,  
Just as the curtain is rising for Dawn!

**The MIRROR OF  
PUBLIC OPINION**

This column is designed to reproduce  
the latest comment by the leading public  
newspapers and periodicals on the questions  
of the day.

**A TABLET TO THOMAS PAINE.**

From the Springfield (Mass.) Republican.  
THE bronze tablet erected by the Green-  
wich Village Historical Society on the site of the  
house where Thomas Paine lived from 1790  
on June 8, 1899, is said to be the first tablet  
in New York City to the revolutionary philoso-  
pher and pamphleteer. . . . The liberal  
Christian dogma which are now spoken  
many evangelical pulpits and seminars  
make it impossible to believe that if Paine  
were living today the stigma which has been  
placed on his name because of his authorship of  
"Common Sense" would exist in more than the  
faintest trace, if at all. As it is, whether the  
tablet that Paine was an unholy man to be  
omitted from consideration, in charitable re-  
sponse to recognition of his great part in the  
struggle for American independence, or as a  
compliment to the American people for their  
achievement of the philosophy upon which  
the structure of the republic was to be built,  
Americans will come more and more to  
value that part.

**CANADA'S INDEPENDENCE.**

RAMSAY TRAQUAIR in World's Work.  
NATIONALITY—and character too—is  
by opposition. Canada's nationality was  
noted by the United States and is still  
by them. Her independence of Great Britain  
has been assured for years, and she has no doubt  
that score; but her independence of the United  
States is less certain. She has, no doubt, a  
cultural independence? The struggle is  
on without ill-will; it is, indeed, often  
amicable, particularly from the fact that  
Canadians admire much in their neighbors  
and are willing to admit that in many respects  
culture she is in advance. But Canadians are  
themselves; there are few things they  
so much as being taken for "Americans."  
It is nothing so encouraging as a little struggle  
it is not the least of the gifts of the United  
States to Canada that she has helped and still  
produces a national type. Canada, however,  
presently assumes a protective attitude  
both Englishmen and Americans. She will  
naturally dispense with it as she increases in  
and economic independence. But our  
international schemes, such as the  
reference waterway, is deeply influenced by  
ing. Possibly from his Scottish fore-  
Canadian has inherited a rather reserved  
ter, which finds difficulty in outward ex-  
pression and though he is proud of his national-  
ity rarely brags of it.

## MANETHO HILTON, 84, BLIND LAWYER, DEAD

Place of Death Not Shown in Notice Sent to Press—Burial to Be at Andes, N. Y.

Manetho Hilton, blind lawyer and large owner of St. Louis real estate, died yesterday, according to a notice sent to the newspapers. The place of death is not shown in the notice, which states that interment will be at Andes, N. Y. He was 84 years old.

Hilton, whose property was estimated by him at a valuation of \$500,000, and who was involved in litigation of various kinds, removed from St. Louis some years ago, but a daughter has remained here to look after his property. Mrs. Hilton lived apart from Hilton, a divorce suit filed by her in 1911 not having come to trial. She is said to be living in Massachusetts.

Hilton was stricken blind in 1895 while he was talking business in his office.

He was divorced from his first wife, and was married a second time in 1899. The second Mrs. Hilton, after her husband became blind, served as his eyes, in business and legal matters. She was much younger than he. The Hiltons had four children. Hilton had a son, Warren, formerly a St. Louis teacher and lawyer, by his first marriage.

Hilton was the owner of a building occupied as a Salvation Army lodging house, which was burned in 1906 with a loss of several lives. Several suits against him resulted from this catastrophe.

His St. Louis realty, as listed today by a real estate man familiar with his affairs, comprises 40 separate pieces of business and residence property, one of the most valuable being the southwest corner of Ninth and Market streets, estimated at \$150,000. Three residences on Washington boulevard, near King's highway, are also included.

Hilton wrote a long treatise in verse form, entitled "Womanism," which are apparently inspired by Kipling's lines. "The female of the species is more deadly than the male." This work was published in 1913 for private circulation.

Mr. and Mrs. Hilton lived at the Berlin Hotel before their separation in 1911.

## Amazing New Way to Banish Wrinkles!

Marvelous Discovery Smooths Away Every Line—Almost Like Magic

A WONDERFUL new discovery now makes wrinkles entirely unnecessary!

No longer need women fear the tragic lines that rob them of their beauty and charm. For Science has found a quick, easy and inexpensive way to smooth away every tired line, every laugh wrinkle, every deep frown mark. It's almost as if a magic wand were waved across your face, banishing every line and restoring the firm youthful freshness of your skin.

### Removes Cause of Wrinkles

This new treatment is based on a simple natural principle. No tedious massaging, no harmful lotions, no painful electrical treatments. Nor does it merely attempt to conceal the wrinkles. Instead it gets right at the cause of wrinkles, removes it in a perfectly harmless way, and the wrinkles vanish almost before you realize it. Even

after the first few days your face will appear years younger looking.

### Guaranteed to Remove Every Wrinkle

This new discovery—called Domino Wrinkle Cream—is GUARANTEED to remove every line and wrinkle, no matter how deep seated, and a \$10,000 deposit in the Producers and Consumers Bank of Philadelphia backs up this guarantee. If, within 10 days, you are not more than delighted with results, your money will be instantly refunded.

### Get It Today

Why allow wrinkles to add age to your face when they can now be erased so easily? Domino Wrinkle Cream will soon rid you of every line and wrinkle, for it is a natural preparation and works ALWAYS. It is sold at good drug and department stores at a very low price for a package lasting many weeks.

### ANTI-KLAN BILL PASSED BY THE ILLINOIS SENATE

Measure to Go to Governor  
After House Concurs in Amendments.

By the Associated Press.  
SPRINGFIELD, Ill., June 19.—Receiving the exact number of votes making the constitutional majority, the drastic anti-klans bill directed against the Ku Klux Klan was passed by the Illinois Senate last night. The vote was 28 to 1, with two Senators voting present, and about 20 other members absenting themselves from the chamber while the roll was called.

After concurrence in amendments is voted by the House, the bill will go to Gov. Small. It was introduced by Representative Roberts, Republican, Chicago, a negro.

Senator Boehm, Democrat, Chicago, voted for the bill, but remarked that it would apply to children who masqueraded on Halloween, and that therefore it was "non-sense."

Penalties for disturbing the peace, kidnapping and assault and battery are increased for anyone who violates the law while robed or hooded to conceal identity.

The five points of the bill follow: Anyone hooded, masked or robed to conceal identity who disturbs the peace of any neighborhood may be fined not exceeding \$1000.

Anyone masked to conceal identity who violates the kidnapping law may be fined not exceeding \$2000 nor less than \$500, or imprisoned not less than five years nor more than 11 years, or both.

Anyone masked to conceal identity who is found guilty of assault and battery may be fined from \$100 to \$1000 or imprisoned from one to five years, or both.

Anyone masked to conceal identity who is found guilty of assault with a deadly weapon with intent to harm, where the circumstance show ma-

licancy, may be fined \$500 to \$5000 or imprisoned from one to 10 years, or both.  
Anyone who with "wicked pur-

pose appears in public masked to conceal identity may be fined from \$100 to \$1000 or imprisoned from six months to one year, or both.

### A "BEST FOOD" MADE BETTER

Butter is recognized as the great energy producing food. It is on every list of "Best Foods." Ordinary butter contains 10% of air. The oxygen in air destroys vitamins. Mrs. Shields' Airless Butter, which is churned without air under the newly discovered Heathized process, retains the vitamins with their health-giving tissue-building, nourishing qualities. You are entitled to these vitamins when you buy butter.

Not a Housing Trust

The committee of newspaper men selected to judge our \$1000 slogan contest announce that:

J. H. Ferring Jr., of the Continental Furniture Corporation, whose suggestion was:

**"ARTISTIC DESIGNING—  
 Practical Construction Plus Economic Financing Means  
 FEDERAL SERVICE"**

Won the \$1000 which will be credited to him as a first payment on a flat, home, bungalow or six-family apartment.

The second best idea came from J. P. Stilwell, 5109 Northland av. These decisions were the unanimous opinion of Mr. Berry Moore, Real Estate Editor St. Louis Post-Dispatch, and Mr. Frederick W. Schwab, of the Real Estate Department of the St. Louis Star, who officiated as judges.

Hundreds of clever suggestions were reviewed by the judges, and they had much difficulty in arriving at their decisions. Many of the ideas merited much consideration. Among those who submitted slogans deserving of honorable mention, were: W. R. Gray, 2416 North Spring avenue; H. Shield, 5345 Pershing avenue; R. L. Gurney, American Trust Company; Anna Lyon Allen, Victoria Building; Mrs. Florence McKinley, 1376 Blackstone avenue; P. D. Carey, 3832 Greer avenue; W. L. V. Sippy, 5265 Waterman avenue; Andrew E. Miller, 4280 Arsenal street; Mrs. E. S. Hennessy, 3820 DeTonty street; Mrs. George F. Downs, 1501 Wagner place; Mrs. U. L. DuBois, 3719A Utah place; Mrs. Florence Ackermann, 301 Dover street; J. O. Millsbaugh, 6976 Arthur avenue; Mrs. H. K. DeCatur, 5803 Waterman avenue and T. J. Ward, 4052A DeTonty street.

The Federal Building Corporation takes this opportunity to thank each and every one of the entrants in the contest for their efforts.

We trust we will be able to serve many of them as their builders and contractors.

- ☐ We were the **FIRST** in the field to combine financing, drafting of plans and supervision of construction.
- ☐ You do not **EVEN** have to **OWN** a lot—we will buy you a **LOT** anywhere you desire.
- ☐ We can build **BETTER** and at a **LOWER** cost than any contractor in St. Louis.
- ☐ We can save you **MONEY** because we eliminate many overhead charges that other contractors do not.
- ☐ **QUALITY, DISTINCTIVENESS AND ORIGINALITY** are paramount features in our work of construction.

Recital by C. W. Williams of Eustis, Fla. Concert by Rotary Club Band of Independence, Kan., 119 pieces. Concert by Rotary Band of Joliet, Ill.

Clinton, Mo. Rotary Club Band Concert.

Speakers from South America, Mexico, Cuba, Europe, Asia and New Zealand addressed the big K. & D. audience last night, telling of the Rotary clubs in the countries they represent.

All spoke in English except Senor Alejo Perez of Havana, who made his address in Spanish. Senor Manuel Palavacini of Mexico City announced that his delegation had come to fight the United States, but this time for the 12th International Rotary Convention.

He, like the other speakers, emphasized the belief that Rotarianism is the best means of bringing about international friendship. The Rotary motto, "Service for Others," which all true Rotarians practice, will bring this to pass, they asserted.

The speakers were Charles Rhodes of Auckland, New Zealand; H. C. Norman of Shanghai, China; J. J. Anton Verke of Amsterdam, Holland; Perez, Leo, L. Daly of Montevideo, Uruguay; W. H. Ild of Sydney, Australia, who traveled 25,000 miles to reach St. Louis, and Palavacini.

The Rotary Quartet of Yakima, Washington, sang ensemble numbers and solos. Jesse Barber, tenor, and Dr. Charles Kessler, baritone, were the soloists, and they, with the other members of the quartet—Carl Talcott and George Dunbar, used fine voices with artistry.

Before the Rotary program began, and after it ended, Station K. & D. broadcast the opera "The Prince of Pilsen," which is being given at the Municipal Theater this week.

The radio program closed with a fine concert given on the roof of the Post-Dispatch Building at midnight by the Rotary Club Band of Superior, Wis. This band is the official musical organization of the convention and has just been designated to escort President Harding when he lays the cornerstone of the new City Club building Thursday afternoon. The band is ably directed by Leslie G. Ross.

## Arrested Cadets Can Resign.

WASHINGTON, June 19.—The  
two members of the Annapolis first-  
class who almost on the day of their  
graduation were placed under ar-  
rest on charges of having made false  
official statements, it was stated of-  
ficially yesterday, will be permitted  
to resign from the navy. Read Admiral  
Wilson superintendent of the naval  
academy, has recommended that  
they be summarily dismissed. The

MAYOR KIEL MISTAKEN IN  
STATEMENT ABOUT EMPLOYEES

There Were Fewer on City Payroll  
in Wells' Administration Than  
at Present.

Mayor Kiel was mistaken in a  
statement eight days ago that the  
city had about 1200 more employes  
during the administration of Mayor  
Wells than now. Election Commis-  
sioner Player, who was Comptroller  
under Wells and during Kiel's first  
term, said today. In reality, he  
added, the number was 2000 to 3000  
fewer.

Mayor Kiel agreed that he was in  
unintentional error, saying he had  
used figures from his last campaign,  
and had meant to compare Mayor  
Kreismann's last year in office with  
1921.

Comptroller's records show that in  
1913, just before Kreismann retired,  
there were about 9000 employes, and  
that in 1921, first year of Kiel's third  
term, there were about 8000. Re-  
ords for Wells' administration were  
not readily available, but it is known  
there were about 7000 job holders  
when he was Mayor. Increased  
needs of the departments caused a  
natural rise in the number there-  
after, and there are about 9000 now.

Mayor Kiel's statement was made  
at a Board of Estimate and Appor-  
tionment meeting, when members of  
the Municipal Research Bureau and  
Commercial Club appeared to in-  
quire why the number of employes  
in municipal power plants had not  
been reduced in accordance with  
their recommendations.

## INVOLVES U. S. COLLECTOR

(Copyright, 1923, by the Press and Publi-  
cations Co., the New York World  
and the Post-Dispatch.)  
PARIS, June 19.—George Joseph  
Demotte, New York and Paris an-  
tique dealer, yesterday confirmed  
information, given several days ago,

that he resold to an American col-  
lector a thirteenth century statue of  
the Virgin and Child, sold clandes-  
tinely by the rector of the Church of  
Saint Sauveur. Demotte says he will  
reveal the American's name when  
the authorities demand it.

The statue was sold by the priest  
for funds to repair his church. It  
was replaced by another, newly

painted. A formal investigation has  
been ordered, and has been dele-  
gated to a police official in order  
not to dignify it as a court pro-  
secution.

#### GOOD GAMES LIKELY

AT URBANA THIS YEAR

URBANA, Ill., June 19.—Some exceptionally fast ball games will likely be witnessed at the University of Illinois this summer when coaches attending the summer session of the Coaching School at the state institution, representing teams, clash on Illinois Field. A four-team league will be formed, either from the four baseball practice sessions or chosen according to a geographical classification. With coaches attending from states as widely separated as Connecticut, Georgia, Texas and Washington, some real East-West and North-South games could be staged under the latter plan.

Registration in coaching which opened this morning is expected to range near the 300-mark this year, a decided increase over previous years.

#### Mike Yokel Wins.

PORTLAND, Ore., June 19.—Mike Yokel, Salt Lake light-heavyweight wrestler, defeated Billy Edwards of Kansas City in two out of three falls here last night.

## Gibbons Has No Chance, Boxing Critics Believe

Unanimous View of Writers at Both Camps is That Dempsey Will Retain Title.

### Dougherty's Terms as Referee of Dempsey-Gibbons Go Accepted

PHILADELPHIA, June 19.—JAMES F. DOUGHERTY of Ridley Park, near here, today received a telegram from Dempsey-Gibbons fight at Shelby, Mont., on July 4.

Dougherty's terms were \$3000 and expenses.

It is understood here that Jack Dempsey, who is a long-time friend of Dougherty's, favored him above any other for the third man in the ring.

It will be the third time Dougherty has refereed a fight in which Dempsey has taken part. The first was in Philadelphia, when Jack knocked out Battling Levinsky and the second at Benton Harbor, Mich., where Billy Mike fell a victim to Dempsey's knockout punch.

Dougherty has been identified with boxing for 25 years as referee, promoter and manager. He refereed two fights in which Joe Louis participated and also refereed bouts in which George Dixon, Joe Goddard, Tim Callahan and Harry Forbes were principals.

Dougherty was a wrestler in his youth.

USED CAR WEEK

RED TAG SALE Cars Are Going Rapidly—Look Them Over at Once

Since we started the Red Tag Sale of Used Cars Sunday morning, we have been kept busy selling cars at our salesrooms. In fact, on Monday we sold more cars than we have sold in any one day in the past six months.

That's because everybody knows that when the Weber Motor Car Co. puts on a sale on Used Cars, prices are right.

Everybody knows, too, that every car the Weber Motor Car Co. sells is right. Everybody knows that the cars are ready to give good service and that they have been carefully gone over by our mechanics and painters and will give real satisfaction.

This Is Your Biggest Opportunity to Save Money on a Car.

In our twelve years of experience in the automobile business we have never before seen such values in cars as those we are offering. The list below shows those we have left—a good selection—every car at a reduced price.

### EARLY STRUGGLES HERE OF PAUL CORNOYER RECALLED

Artist Who Died in East Born in This City and Once Employed on St. Louis Republic.

Older newspaper men and artists in St. Louis recall that Paul Cornoyer, who was born here and who died Sunday at East Gloucester, Mass., when an artist on the St. Louis Republic, scraped together sufficient money to go to Paris for instruction in painting. When his money gave out he returned and endeavored to make a livelihood in St. Louis as an artist. He got one \$1000 commission to paint a decoration for the main staircase in the Planters' Hotel, recently removed, but did not prosper. One day he said to the senior member of the firm of Noonan-Kochan that he thought that if he could get to New York he could make a "go" of art. Noonan got seven men to give Cornoyer \$10 a month for a year. Cornoyer got three others for the same pledge, and went to New York with a \$100-a-month income for a year.

He became noted for his painting of city streets.

## Gum-Dipped Cords Continue to Set the Pace

Firestone Gum-Dipped Cords have not only won acknowledged leadership but are increasing it steadily. Here are a few points about the outstanding success of these tires that explain why Firestone dealers have the biggest values on the market in Gum-Dipped Cords.

### LOWER PRICES

**1** Firestone has successfully championed the cause of lower tire costs against the Crude Rubber Monopoly and was first to give car owners the benefit in a 10% price reduction on June 11th.

### 194% Sales Increase

**2** Firestone has utilized big volume production to lower manufacturing costs and give extra value. And the public is responding by buying three Gum-Dipped Cords to one a year ago.

### Winners At Indianapolis

**3** Firestone Gum-Dipped Cords gave striking proof of superiority in the 500-Mile Sweepstakes when they took the first four places and eight out of ten money positions on May 30th, without a single tire failure.

### The New Mileage Standard

**4** Firestone Cords are proving on the cars of hundreds of thousands of motorists and on taxicab fleets that gum-dipping and other Firestone processes raise the standard of mileage to a new high level.

### 108 Distributing Points

**5** Firestone has developed a finer, more economical distributing organization, replacing many costly branches with warehouses. There are now 108 points from which Firestone Tires are delivered to the thousands of Firestone dealers.

### Best for Hot Weather Driving

**6** Gum-Dipped Cords are showing that they stand up better under the harder wear of summer driving. The gum-dipping process overcomes the deteriorating effect of heat and friction and adds thousands of extra miles of service.

**WELCOME, ROTARY.**  
ROTARIANS from near and far  
On every hand we meet;  
Where'er they see a vacant car  
They're welcome to a seat.  
We're glad to have you in our bus,  
Hop in and take a ride with us.

They come from north, south, east and west,  
And many foreign climes;  
And we shall do our level best  
To show them stirring times.  
We'll entertain them in a way  
To make them wish that they could stay.

And when at last they pull their freight  
By railroad or by ship,  
The praises of our town and State  
Will be on every lip.  
We'll give both members and their wives  
The time of their Rotarian lives.

**TOO TRUE.**

why the Phillies shouldn't play

Tommy Gibbons says that Dempsey  
is a great fighter and a great  
champion but that the ring has  
yet to produce a fighter that could

Tommy.

Tom Gibbons got his start by  
licking the club bully. That's the  
way they all start.

**IMPORTANT IF TRUE.**

The observation of the late Pat  
Sheedy, a noted gambler of his  
time, that "There is a sucker born  
every minute," is usually attrib-

uted to P. T. Barnum. What Bar-  
num said was: "The American pub-  
lic likes to be humbugged." They  
were both right.

The term "sucker" as applied  
to the come-on or garden variety  
of fall guy wasn't originated until  
some time after Barnum had  
pulled up stakes and pitched his  
tent in another world.

Incidentally the life of P. T.  
Barnum, written by himself, cover-  
ing the period of his life which  
has to do with the exploitation of  
T. Thumb, J. Lind and his New  
York museum, is an interesting lit-  
tle book. And it leaves in the  
mind no doubt as to the identity  
of the guy that put the "con" in  
Connecticut.

Carl Mays says that the Yan-  
kees have too many star pitchers.  
An all-star pitching staff is bad

only once a week gets out of the  
habit of shining.

However, Huggins figures that it  
is better to have them with him  
than ag'in him.

## FAVORITE STORIES

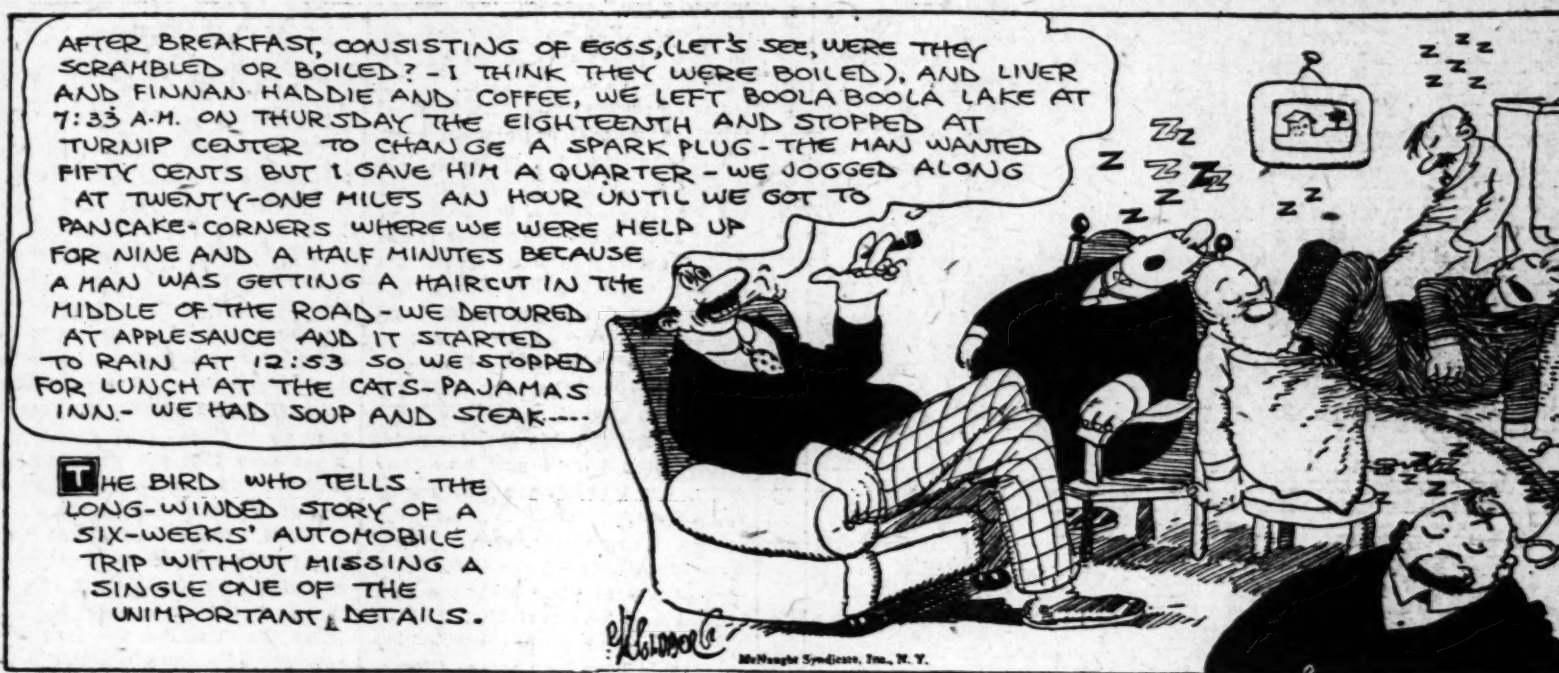

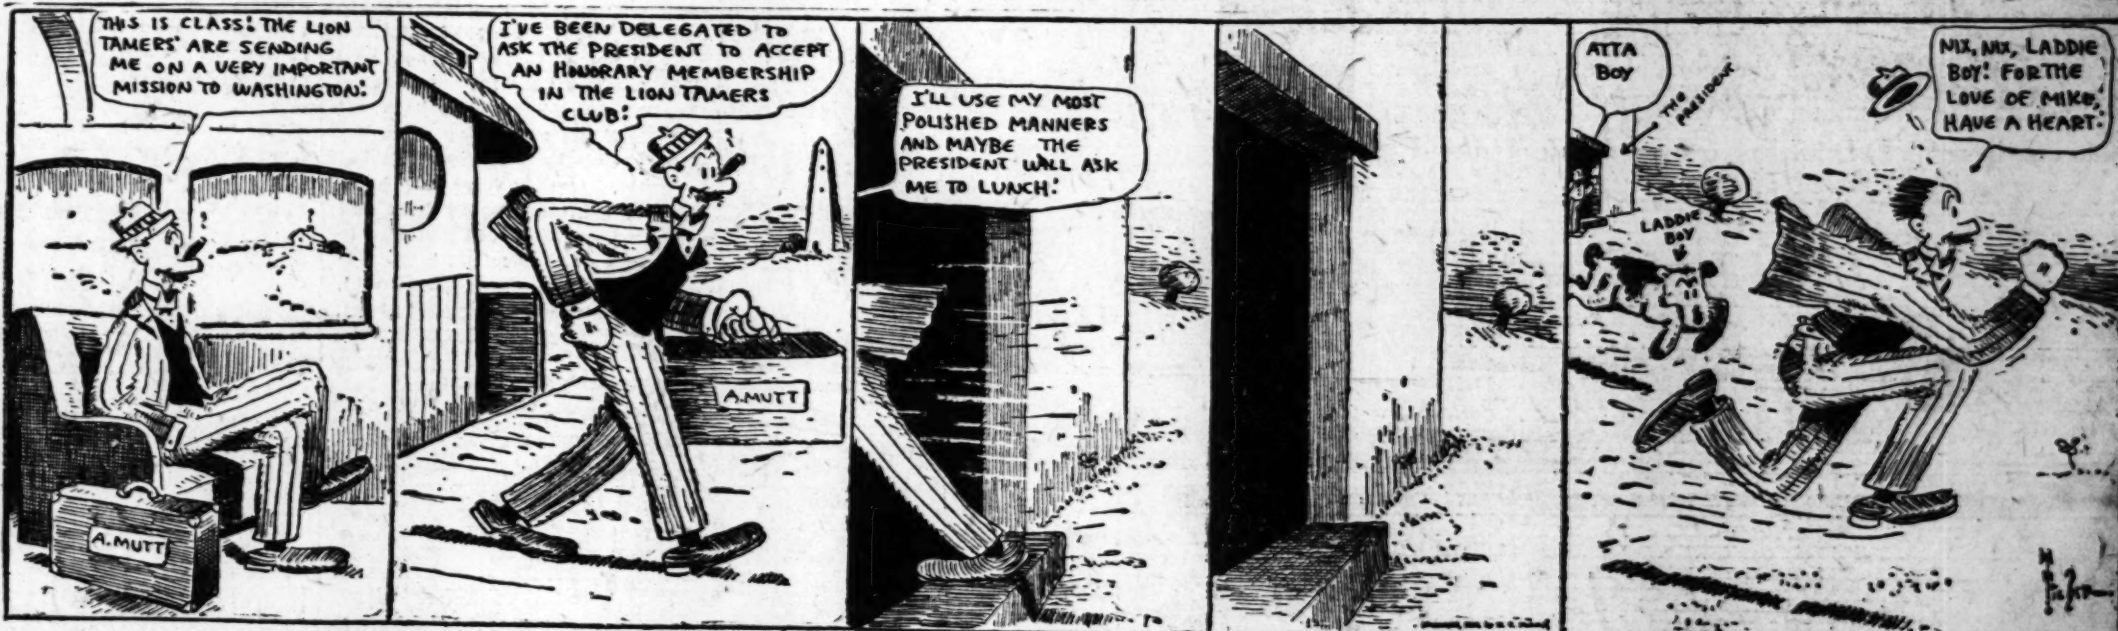

By Irvin S. Cobb

**NO DETAIL TO BE OVERLOOKED.**

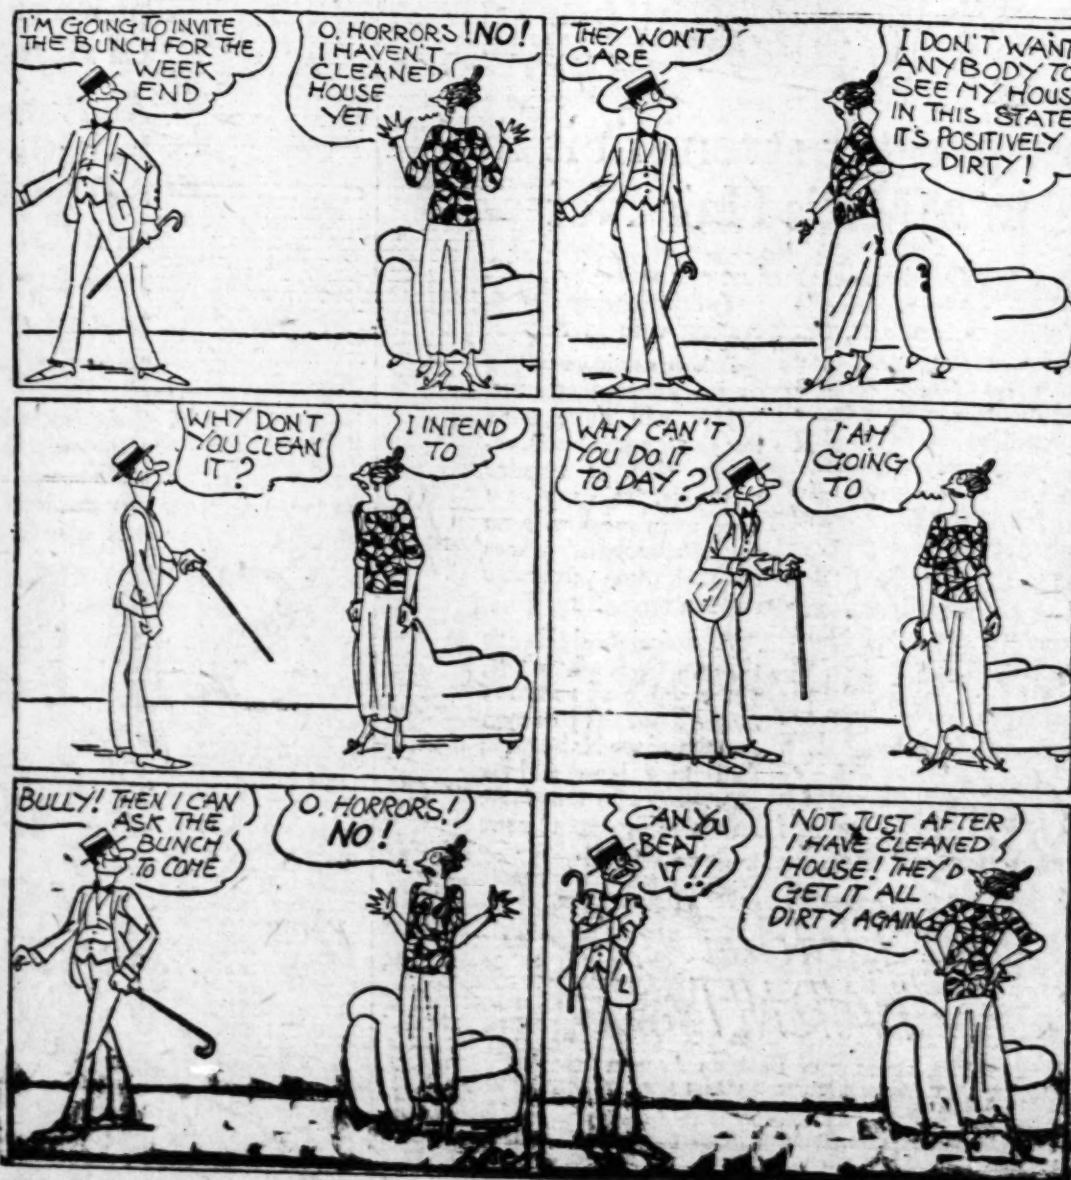

ACCORDING to my friend Tom Masson, who knows as many good  
stories as anybody on earth, it was the last night of the revival  
meeting. The evangelists were going strong. His subject was  
eternal damnation. With all the eloquence at his command he urged  
the congregation to flee from the wrath to come.  
"Ah, my friends," he exclaimed, "on that last dread day there will  
be weeping and wailing and gnashing of teeth!"  
In a rear pew stood up an elderly woman.  
"Under," she said, tremulously, "I ain't got no teeth."  
"Madam!" he shouted back, "teeth will be provided!"

Frank Beebe, 39 years old, of  
Dexter street, proprietor of a  
saloon at 2148 Benton street, was sh  
ot by one of three men who  
entered his saloon about 9:30  
this morning, and who escaped  
after killing him. Police are  
looking for revenge, or a gang  
war, Beebe, who formerly had a  
saloon at 1800 Morgan street, has  
been shot 13 times within the pa

sulting from fights in his saloon  
others being on liquor vi

"suspected of murder" but the  
was lodged merely to hold hi

Found by Policeman.  
A motor cycle policeman was  
patrolling the saloon from J

identified man, who told him  
he had been some trouble there.  
Policeman found Beebe app

On the bar were three

discharged, was lying on the  
bar. The other end of the bar  
showed a revolver, fully loaded,  
showing window at the front  
saloon. Access could have be

Although the police refuse  
close the source of their info  
they said that Beebe was ac  
quainted with at least one of the  
men who entered the bar, and  
called one of them "John."  
The men had received their  
the police said, one of them

There were two wounds in  
Beebe's neck and head. A  
police theory that Beebe was

his protection of the rear

Apparently the contents

some silver.

Three Shots Heard.  
Persons residing above the

shots, and two women livin  
neighborhood said they saw  
men out of the saloon and e  
Benton street.

Mrs. Lulu Beebe, wife of  
Frank, told policemen that  
she and William Ryan, who was  
policemen in Beebe's saloon

been "to get Beebe." Ryan,  
28 years old and lived at 14  
Thirteenth street, was kill

shots.

They had entered Beebe
